

Leatherstocking Veterinary Service

Mission Statement

We strive to maximize the quality of life for our large animal patients by providing compassionate care with the utmost attention to the individual needs of the patient and the clients we serve.

Vision Statement

To be the leading regional source for equine and ruminant veterinary medical care, now and in the future, by maintaining the same burning passion for the welfare of our patients and clients that exists today.

Employee Pledge

To be compassionate and caring

To focus on our customers: the client and the patient

To be honest and candid in communications

To respect confidentiality

To use our mission statement as an active guide in making decisions with and for others

To continue to expand our knowledge, skill sets and technological abilities to meet future patient and client needs
